

## THE WORLD AT LARGE

Items From Home and Abroad, Gathered From Many Sources

**Pemiscot Argus:** The people of the town have begun extensive preparations for the entertaining and promulgation of the Drummers' Association which meets here the last week of May. The business men are contemplating making it the greatest meet in the history of the Association. We are proud of our town and desire to show the people what a wide-awake town we have, and how much interest and pride that we take in promoting the welfare of our town and business interests. Every one should put their shoulder to the wheel and make the thing a success.

An old negro was asleep on the train out of Sedalia the other day, mouth open and snoring, when a drummer emptied a quinine capsule on his tongue, says the Butler Democrat. The old darky awakening, began to spit around and called for the conductor, saying: "Boss, is dere a doctor on dis here train?" "I dont know," said the conductor. "Are you sick?" "Yes sir, I sho' is sick, I sho' is sick." "What is the matter with you?" "I dunno, sir, but it taste like I busted my gall."

**Missourian:** Frank Gray, a well known guide in the Little River overflow near Lilbourn, was accidentally shot by a sportsman who had employed him, on April 1st. The gun was lying in the boat in which Gray was sitting down, and the sportsman was fixing to lay down when Frank asked him if the gun was on safe. He reached behind him for it and touched the trigger. 36 grain No. 5 shot struck Gray in the thigh. Gray is recovering nicely.

Henry English, former president of the Exchange bank and owner of the Jackson Brick and Tile works, of Jackson, Mo., is charged with the embezzlement of \$16,000. He is held under bond to await the grand jury's action. Mr. English failed three years ago, with liabilities of \$65,000. At that time he gave up the presidency of the bank. His bond was signed by Mrs. English and W. H. and J. B. Miller, his attorneys.

The kickers on the farm are not so hard to get along with as the kickers in town. On the farm there is the kicking cow, and our long eared friend, the mule, while in town there is the old mossback who wants all the improvements without paying for them. The cow may be sold for beef, the mule traded for a shotgun, but nothing but a funeral will get rid of a town kicker. Ex.

**Pemiscot Argus:** The mammoth brick warehouse of the Caruthersville Hardware Co. is rapidly going up at this writing. This is to be an immense building when completed. It will be two stories in height. We are glad to see such buildings going up and by people who are backed by financial strength. It is a piece of improvement

we can point to with pride, to our visiting prospective investors.

The preliminary examination of the three Robinsons and Myers, for killing Ned Lashley at Canadu several weeks ago, was had before Esquire McColgan at Morehouse and resulted in the acquittal of the Robinsons, but Myers was held under two thousand dollar bond. It appeared from the evidence that Lashley was drunk and looking for trouble, and of course he found it.

The Portland cement factory at Cape Girardeau, a project capitalized at about one and a half million dollars, is taking definite shape, the engineers and several car loads of machinery having arrived. It is estimated that it will take about a year to put in the plant. The raw material for the cement is practically inexhaustible.

The house passed the Hawkins bill, which changes the local option law to make it apply to cities of more than 10,000 inhabitants, instead of to cities of more than 2,500 as the law now provides.

The Southeast Missouri L. O. O. F. association will meet at Kennett April 27. An interesting program has been prepared. Hon. Tom Ely will deliver the welcoming address.

The Cudahy Packing Company has been indicted by a Federal grand jury.

## Nervous Prostration

"I suffered so with Nervous Prostration that I thought there was no use trying to get well. A friend recommended Dr. Miles' Nervine, and although skeptical at first, I soon found myself recovering, and am to-day well."

MRS. D. I. JONES,  
5800 Broadway, Cleveland, O.

Much sickness is of nervous origin. It's the nerves that make the heart force the blood through the veins, the lungs take in oxygen, the stomach digest food, the liver secrete bile and the kidneys filter the blood. If any of these organs are weak, it is the fault of the nerves through which they get their strength. Dr. Miles' Nervine is a specific for the nerves. It soothes the irritation and assists in the generation of nerve force. Therefore you can hardly miss it if you take Dr. Miles' Nervine when sick. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

## Here! I Say! You! Cash Up!

Don't monkey with the band wagon. You must make music, if you ride, and if you can't toot your horn, get out.

It takes money to make the mare go. Money will make most any of us go.

That is what we are after—money! We don't want glory; we'll go to glory when we die.

We are not running this paper for our health, either. If that was what we wanted we'd go to California. This is a coldblooded business proposition with us, and we are working for a living, just like every honest man ought to do, and we ARE giving the people just as good a paper as the patronage we get will justify. If you want the paper to be any better, patronize it more. Don't pat us on the back and say "fine, old boy!" that always did make us mad; but show us the color of a dollar, pay your subscription, give us more advertising, and above all, see to it that every person in Hayti does likewise. No citizen of Hayti should fail to patronize his home paper and no GOOD citizen will fail. If you don't want Hayti to have a paper the town neither needs or desires your presence and would be better off without you.

Now, we don't care how mad you get at us or what you say about us. We only ask your support for the benefit the paper may be to the town. The paper needs your help, the town needs the paper, and if you feel an interest in the town you will assist THE HAYTI HERALD to make a living, right now, without delay.

We want to see the city council enact an ordinance placing the license on street faking and medicine men so high that it will keep them out. There are always a lot of people who will part with their money to these fellows, and in a week's time they will take out more money than the business of the largest store in town; besides, their windjamming is decidedly distasteful. We have mentioned this before.

A new girl arrived at the home of Mr. and Mrs. Turner Martin Friday, Dr. J. W. Johnson attending.

A great many people do not seem to know that obituaries and cards of thanks are charged for at half advertising rates. We always publish death notices, and everything of a news nature, free of charge, and are glad to give all news items; but obituaries and cards of thanks are not news, and not of interest to the public, and must be paid for at half rates.

H. A. Dortch and C. P. Wells, Jr., were selling lights at Kennett, Senath and Lilbourn last week. Henry says Charlie seems to get along pretty well with the girls and bankers.

## THIS BANK IS THANKFUL

For public appreciation, and earnestly endeavors to repay that appreciation by the best public service in all its departments.

If we could persuade all the people who might make use of a bank to do so, the prosperity of this town would be wonderfully increased.

We do what we can, however, in this direction by cordially and heartily welcoming the new depositor, whether his means are great or small.
